#14

**REISSUE APPLICATION DECLARATION BY THE INVENTOR**  
**ATTORNEY DOCKET NO. 3382-58687 MS DOCKET NO. 17722.5 (old oc #77,115USR)**

As a below named inventor, I hereby declare that:

My residence/post office address and citizenship are as stated below next to my name;  
I believe I am the original, first and sole inventor (if only one name is listed below) or an original, first and joint inventor (if plural names are listed below) of the subject matter which is described and claimed in patent No. 5,485,617, granted January 16, 1996, and for which a reissue patent is sought on the invention entitled: METHOD AND SYSTEM FOR DYNAMICALLY GENERATING OBJECT CONNECTIONS, the specification of which

- ☐ is attached hereto.  
☒ was filed on January 16, 1998, as reissue application number 09/008,241 and was amended on \_\_\_\_\_ (if applicable).

I have reviewed and understand the contents of the above identified specification, including the claims, as amended by any amendment referred to above.

I acknowledge the duty to disclose information which is material to patentability as defined in 37 CFR 1.56.

I verily believe the original patent to be wholly or partly inoperative or invalid, for the reasons described below. (Check all boxes that apply.)

- ☐ by reason of a defective specification or drawing.  
☒ by reason of the patentee claiming more or less than he had the right to claim in the patent.  
☐ by reason of other errors.

At least one error upon which reissue is based is described below. If the reissue is a broadening reissue, such must be stated with an explanation as to the nature of the broadening:

In the patent, the patentee did not claim the invention in the form of a computer readable medium.

All errors corrected in this reissue application arose without any deceptive intention on the part of the applicant. As a named inventor, I hereby appoint the attorney(s) and/or agent(s) associated with the following customer number to prosecute this application and transact all business in the United States Patent and Trademark Office connected therewith.
